

Miramo Production License (standard)		Euro (€)
M1-21	Single CPU host	€9,500
M1-22	Two CPU host	€13,500
M1-23	Three (or more) CPU host	€22,750
A Production License is a license which permits end-users, MSPs and developers to implement and run Miramo in a production environment.		
Miramo Development License		
M1-20	A Development License is intended for application development and testing only. The software is functionally identical to a Production License, except it may not be used in a production environment.	€1,450
Miramo Charting Module (Integrated business charting)		
M1-41	Single CPU host	€2,500
M1-42	Two CPU host	€5,000
M1-43	Three (or more) CPU host	€7,800
Miramo Enterprise Module		
M1-51	Single and dual-CPU hosts	€7,500
M1-52	Three (or more) CPU host	€15,500
The Miramo Enterprise Module is intended for environments requiring high-volume, non-batch scalability. Not needed by most users.		
Site License		
M1-30	Site Licenses are available subject to special licensing terms.	POA

Notes:

- 1 Apart from Site Licenses all licenses are for a single host. In the case of multi-core processors **CPU** above refers to logical CPU, e.g. a single physical processor containing two CPU cores is a Two CPU host. Virtual machines (e.g. VMware, et al) require a 3+ CPU host. There are no restrictions on the number of concurrent users. Jobs may be sent for processing from remote hosts without restriction.
- 2 There is no upgrade path from a **Development License** to a **Production License**. There is no migration/transfer option from Windows NT to Unix or *vice versa*. Upgrades can be made from a *n* CPU host to an *n+* CPU host. The cost of such upgrades is the difference in price shown above. There is no discount for a backup/fail-over license (i.e., the full license price is payable).
- 3 Standard software Maintenance (mandatory for the first year and with major upgrades) costs 15% of list price per year, from date of purchase.
- 4 *Upgrades* Users with software Maintenance may receive minor upgrades free, and may purchase major upgrades at 25% of list price. Upgrade pricing for users *without* software Maintenance is 25% of list price for minor upgrades, and 40% of list price for major upgrades.
- 5 CJK (Chinese, Japanese and Korean) **RTU** License and Maintenance is €6,500 for the first license and 15% of the total license price per additional license, per year.
- 6 One FrameMaker License (in the case of Unix, a shared license) or **FrameMaker Server** License (for production) must be installed on the Miramo host. This is not included in the costs listed above.
- 7 All prices are exclusive of taxes and shipping charges.
