

Standard Miramo Production License		USD (\$)
M1-821	Single CPU host (up to 2 cores)	\$14 500
M1-8214	Single CPU host (up to 4 cores)	\$16 250
M1-822	Two CPU host (up to 2 cores/CPU)	\$20 525
M1-823	Unlimited CPUs and cores host	\$34 395
Miramo Development License		
M1-20	A Development License is intended for desktop application development and testing. The software is functionally identical to a Production License, except it may not be used in a production environment. License is per user / desktop host.	\$2 775
Miramo Charting Module (Integrated business charting)		
M1-41	Single CPU host (up to 2 cores)	\$5 150
M1-414	Single CPU host (up to 4 cores)	\$6 420
M1-42	Two CPU (up to 2 cores/CPU)	\$8 690
M1-43	Unlimited CPUs and cores host	\$12 650
Miramo Enterprise Module		
M1-51	Single CPU host (up to 2 cores)	\$10 750
M1-514	Single CPU host (up to 4 cores)	\$15 650
M1-52	Unlimited CPUs and cores host	\$22 800
The Miramo Enterprise Module is intended for environments requiring ultra high-volume throughput, and enterprise scalability. Not needed by most users.		
Site License		
M1-30	Site Licenses are available subject to special licensing terms.	POA

Notes:

- 1 Apart from Site Licenses all Production licenses are for a single host/server. Virtual machines (e.g. VMware, et al) require an unlimited CPUs and cores host license. In the case of Production licenses there are no restrictions on the number of concurrent users: jobs may be processed from remote hosts without restriction. CPU and core counts relate to physical hardware.
- 2 There is no upgrade path from a **Development License** to a **Production License**. There is no migration/transfer option from Windows NT to Unix or *vice versa*. Upgrades can be made from a *n* CPU/core host to an *n+* CPU/core host. The cost of such upgrades is the difference in price shown above. There is no discount for DR/fail-over licenses (i.e., the full license price is payable).
- 3 Standard software Maintenance (mandatory for the first year and with major version upgrades and host upgrades) costs 15% of list price per year, from date of purchase.
- 4 **Gold Service Support** and **Silver Service Support** options are available. Please contact your Miramo Solution Provider or Datazone directly.
- 5 *Upgrades* Users with software Maintenance may receive minor upgrades free, and may purchase major upgrades at 25% of list price. Upgrade pricing for users *without* software Maintenance is 25% of list price for minor upgrades, and 40% of list price for major upgrades.
- 6 CJK (Chinese, Japanese and Korean) **RTU** License and Maintenance is \$8 500 for the first license and 15% of the total license price per additional license, per year.
- 7 One FrameMaker License (in the case of Unix, a shared license) or **FrameMaker Server** License (for production) must be installed on the Miramo host. This is not included in the costs listed above.
- 8 All prices are exclusive of taxes and shipping charges.
