1. Apart from individually priced Site Licenses (POA), all Miramo Licenses are for a single host/server.
2. Mid-subscription year upgrades are calculated pro rata by the price difference.
3. There is no upgrade path from a Development License to a Production License. The cost of upgrades is the difference in price shown above provided Maintenance is in effect. If Maintenance is not in effect the upgrade cost is the difference in price plus 50% and Maintenance renewal. There is no discount for DR/fail-over licenses (i.e., the full, standard license price is payable for such licenses).
4. Standard software Maintenance and support is 20% of list price per year, from date of purchase or upgrade and includes free major and minor upgrades.
5. Gold Service Support and Silver Service Support options are available. Please contact your Miramo Solution Provider or Datazone directly.
6. Upgrades for users with software Maintenance are free. Upgrade pricing for users without software Maintenance is 25% of list price for minor upgrades, and 50% of list price for major upgrades.
7. All prices are exclusive of all taxes and are subject to change.
