

Production License		US \$
mm-1PC	Maximum one processing channel, one processing channel group	\$5 750
mm-2PC	Maximum two processing channels, two processing channel groups	\$11 500
mm-UPC	Unlimited (up to 8) processing channels and processing channel groups	\$29 600
Miramo Development License		
mm-Dev	A Development License is intended for application development and testing. The software is functionally identical to a Production License, except it may not be used in a production environment. License is one processing channel.	\$2 220
Miramo Charting Module (Integrated business charting)		
mmC-1PC	For use with mm-1PC	\$3 360
mmC-2PC	For use with mm-2PC	\$7 080
mmC-UPC	For use with mm-UPC	\$10 580
Site License		
mm-SL	Site Licenses are available subject to special licensing terms.	POA

Notes:

- 1 Apart from Site Licenses all Miramo Licenses are for a single host/server. In the case of Production licenses there are no restrictions on the number of concurrent users: if the number of concurrent jobs exceeds the number of available processing channels, jobs are queued and processed in order. Jobs may be processed from remote hosts.
- 2 There is no upgrade path from a **Development License** to a **Production License**. There is no migration/transfer option from Windows NT to Unix or *vice versa*. Upgrades can be made from a 1PC, to a 2PC or a UPC license and from a 2PC to a UPC license. The cost of such upgrades is the difference in price shown above provided Maintenance is in effect. If Maintenance is not in effect the upgrade cost is the difference in price *plus* 25%. There is no discount for DR/fail-over licenses (i.e., the full, standard license price is payable for such licenses).
- 3 Standard software Maintenance costs 15% of list price per year, from date of purchase or upgrade.
- 4 **Gold Service Support** and **Silver Service Support** options are available. Please contact your Miramo Solution Provider or Datazone directly.
- 5 *Upgrades* Users with software Maintenance may receive minor upgrades free, and may purchase major upgrades at 25% of list price. Upgrade pricing for users *without* software Maintenance is 25% of list price for minor upgrades, and 40% of list price for major upgrades.
- 6 The above pricing does not include the costs of the required FrameMaker licenses.
- 7 All prices are exclusive of taxes and shipping charges and are subject to change.

Upgrades from pre-Miramo Enterprise versions

Users with pre-Miramo Enterprise licenses may upgrade as follows.

	Maintenance in effect*	Maintenance expired*
A. From single CPU host with one or two cores:		
mmU-A1 Upgrade to mm-1PC	(\$1 460)	\$2 340
mmU-A2 Upgrade to mm-2PC	(\$4 170)	\$6 670
mmU-A3 Upgrade to mm-UPC	(\$10 700)	\$16 440
B. From single CPU host with four cores:		
mmU-B1 Upgrade to mm-2PC	(\$4 170)	\$6 670
mmU-B2 Upgrade to mm-UPC	(\$10 700)	\$16 440
C. From two CPU host with max. two cores/CPU:		
mmU-C1 Upgrade to mm-2PC	(\$4 417)	\$6 670
mmU-C2 Upgrade to mm-UPC	(\$10 700)	\$16 440
D. From unlimited CPU host:		
mmU-D1 Upgrade to mm-UPC	(\$7 740)	\$11 880
E. Development License		
mmU-E1 Upgrade to mm-Dev	(\$544)	\$890

The above prices are for upgrades from pre-Miramo Enterprise licenses. Standard pre-Miramo Enterprise licenses were based on the number of CPUs/cores in the host system, and did not include the Enterprise Module.

Prices shown in bold type apply when Maintenance is not in effect. Prices shown within parentheses apply when Maintenance is in effect.

* Note: the above figures exclude post-upgrade Maintenance at 15% of price of the license that is upgraded to.
